

FSS Graduate Reaching Her Goals

Sarah Hahn has always wanted to be a nurse. With the help of the Lincoln Housing Authority's Family Self Sufficiency program that dream has been realized.

Hahn, a recent FSS graduate, is now a Licensed Practical Nurse. However, reaching that goal has not been easy. Hahn has dealt with financial difficulties, a car accident and being a single parent. After graduating from Norris High School, the Hickman native enrolled in the Medical Assistance program at Southeast Community College in Lincoln with her sights set on the nursing field.

"As far back as I can remember I have wanted to be a nurse," she said. "I am a very caring person and I love working with people."

Sara Hahn

However, as obstacles cluttered her path to nursing school, the LHA helped her clear them. She worked part-time jobs to support herself and her daughter and got help through LHA's Family Self Sufficiency program. In 2007 she graduated from nursing school and now works as an LPN in a local physician's office.

"I am the type of person who always completes my goals," she said. FSS Case worker Elizabeth Redhage has been especially impressed with Hahn's positive attitude and organizational skills. "She has done very well," Redhage said. "She has been very cooperative and very conscientious in wanting to know what is required of her and then doing it."

Now that Hahn has achieved self sufficiency, she said the next step is taking on even more responsibility. She now hopes to become a registered nurse.
