SUMMER HILL Apartment and Townhomes

5550 Union Hill Road

Inspired by the past
Built for Today

Remembering Shades

Of Yesterday

Craftsman-style homes of the early 20th century were renowned for their quality design and spacious floorplans. Today, Summer Hill Townhomes and Apartments echo that design and bring this style of living into the 21st century. Developed in South Lincoln, the gracious past comes to life at Summer Hill.

Townhomes

Attention to detail is everywhere. A gracious entry hall with a beautiful staircase greets you as you enter. Gabled dormers add charm both inside and out. Covered front porches beckon you to sit and enjoy time with family friends and neighbors.

Features inside include a generously-sized living room, dining room and three bedrooms. Computer nooks, modern kitchens with dishwasher and disposal, washer/dryer hookups, walk-in closets and attached garages add today's practicality to yesterday's charm.

Two story, two and one half baths, a full basement and an attached garage.
